

Emma Uebergang has commenced working with AGA Victoria, as an Office Merchant based in Horsham.

Emma has recently moved back to Horsham after several years away with Boarding School, University and work commitments. After finishing her schooling in Ballarat, Emma lived in England and travelled around Europe for a year. Upon return she commenced an Applied Science degree (majoring in Exercise & Sports Science with a minor study in Management) which she will conclude in June of this year.

Whilst at University, Emma started with GrainCorp as a Sampler over the 07/08 harvest before heading to Geelong to work with Technical Services in January 2008. After 18 months in Geelong with GrainCorp, Emma and her fiancé moved to Ardrossan on the Yorke Peninsula in South Australia to work with ABB. Wanting to be closer to family and friends, Emma and her fiancé made the decision to move back to Horsham to work the 09/10 harvest with GrainCorp. Commencing as an Office Merchant at AGA has given Emma the opportunity to continue in the grains industry whilst enjoying country life in Horsham.

In her spare time Emma loves to ski and wakeboard on the recently flowing Wimmera River. She also enjoys playing netball, swimming and cheering on the mighty Geelong Cats come football season.

Emma is getting married in October so has plenty of planning to do. She is very much looking forward to working along side Horsham Field Merchant, Andrew Brown and with the AGA Team.

**AGA WELCOMES EMMA UEBERGANG TO THE TEAM.**
