

Rebecca Cutler has commenced working with AGA Victoria, as a Contract Administrator in the Kensington Office.

Rebecca emigrated with her family from the UK as toddler and grew up in the outer suburbs of Melbourne. Rebecca has been involved with horses for most her youth and this led her to study a Bachelor of Agricultural Science and completed her honours regarding energy partitioning in dairy cattle.

Rebecca has also lived in the UK during an intermission in her studies 2006-2008 where she worked and lived in London and Hertfordshire. She returned to Australia to complete her degree and to begin a career in the agricultural industry.

In her spare time she likes to scuba dive, horse riding, seeing bands, fishing and camping. She also has ambitions one day to be the world's strongest woman and is currently in training.

AGA WELCOMES REBECCA CUTLER TO THE TEAM.
